

J.N. WHITE DESIGNS

ACCOMPLISHED CUSTOM PRINTERS SINCE 1960

Function User Interface

Industrial Electronics

Since 1960, J.N. White Designs has been the supplier of choice for many manufacturers of industrial electronic equipment.

Using the latest in equipment, technology and training, J.N. White Designs' talented staff is continually perfecting the process of producing the highest quality labels, decals, overlays and control panel assemblies.

Extensive knowledge of membrane switch technology as well as UL and CSA requirements allows J.N. White Designs to provide the optimal solution for your industrial application. J.N. White Designs has the design resources and decades of experience to help you differentiate yourself from the competition.

Whether your needs are a simple UL recognition or complex insert pocket membrane switch, from prototypes to production, J.N. White Designs is a complete solutions provider.
